

Hi. I would like to introduce myself as Christine Clarke, School Nurse for Outwoods Edge Primary. The school nurse team is based at Loughborough Hospital. Our role involves promoting the health and wellbeing of the school aged child within the North Charnwood community. As part of this role, we work in partnership with the child, family, school and have close links with other agencies. Issues we cover involve child safety,

emotional and behavioural needs, continence, healthy eating, general health and dietary advice.

Recently, Leicester Partnership NHS Trust have created and launched a website called 'Health for Kids'. It is a fun and interactive website for primary school children and parents/carers to learn about health through games, quizzes and activities. New parents will be able to access the Health Questionnaire through the website [www.healthforkids.co.uk](http://www.healthforkids.co.uk). The school nursing team can be accessed via the school office or directly on 01509 564430.
