

Year 6 SATs Study Books – Loan Agreement

Dear Parents/Carers,

In order to support your child in the best possible way for this year's Statutory Assessment Tests in May, we have purchased two study books for each child, for Maths and Grammar, Punctuation and Spelling. These are two of the sets of tests they will take.

The best way to use these guides is to work through the units with your child rather than leaving him/her to get on with them on their own. Working together with your child and discussing the work in the book will help to embed the ideas and concepts covered in each unit.

The revision guides are yours to use until after the SATs Tests when we will need them back to reuse next year. Please keep the guides in good condition; unfortunately we will have to charge for the cost of a guide should they become lost or damaged. We will give the children a card folder to protect the books.

In the past children who have worked steadily through the guides and used them to consolidate their learning have performed consistently well in their final SATs tests. Many thanks for your continued support.

If you have any questions about the study books, please do not hesitate to ask either of us.

Lisa Williams
